

Sauvignon Blanc

Dry white wine

Vineyards: Zichron Ya'akov

Variety: Sauvignon Blanc

Wine Notes: *The more mature vines are chosen which yield smaller quantities of grapes reflecting a concentrated fruit aroma. With herbaceous and freshly-cut grass aromas, this wine displays fruity and green pepper flavors. We suggest serving this wine with grilled fish dishes and Mediterranean sea-foods. Recommended serving temperature: 8-10°C (46-50°F).*

Winemaking: *This wine is produced from the gently pressed, superior first free-run juice of the grapes. After undergoing a gradual and supervised fermentation, the wine was fermented for three weeks at a low temperature in stainless steel vats followed by its stabilizing process and malolactic fermentation.*

Alcohol by Volume: 13%
